A. E. MICHAEL

A GOOD PLACE TO TRADE.

Calendar.

- February—
19—Town Council's inaugural meeting.
19—Opening of the Legislature.
20—Concert by Y. P. S. of St. Matthew's Church.
20—Muir Lake Sporting Club's dance in the schoolhouse.
21—Inga M. D. ratepayers meet in Stony Plain.
21—Teachers' Alliance meet at local school.
21—Meeting ratepayers Spruce Grove Municipality, at the Grove.
22—Washington's Birthday.
24—Dance at Spruce Grove.
24—Box social and dance, Garden Valley Schoolhouse.
25—Ash Wednesday.
27—Dance at Holborn Hall.
March 6—Inga Councillors meet in Stony.
7—Movie Show, "The Covered Wagon."
10—Karl Strass sale.
17—Jacob Ulmer sale.

Lit. Soc. No. 52's Concert.

The Stony Plain High School Lit. held a very successful concert as their weekly Friday afternoon entertainment, on the 13th.

As the participants in the songs and dialogues had considerable preparation, the various numbers rendered proved to be above the standard expected, each number being heartily applauded.

A valentine box was had in connection with the concert, and a record number of Valentine greeting cards were passed out.

Miss Viola Mamarey presided and with her capable assistant, Glen Carmichael, the entertainment was made a very successful affair.

DANCE!

HOLBORN HALL.
Friday, Feb. 27th.
Ladies, Please Bring Pies.

W.I.'s Valentine Party.

The party given by the Women's Institute members at the home of Mrs Oatway on Friday night last, was marked by a large attendance and the best of times.

The evening was spent at the card tables, in dancing and singing. Mrs Oatway and Mrs Lundy presiding at the piano. Mrs Smith with her violin were repeatedly encored. Miss McNab, Mr G E Clarke and Mr Brooks led in the community singing of old college songs. Mr Laird, upon request, sang one of his popular songs and all joined in on the chorus.

After a dainty lunch was served, the ladies gathered in a ring, with Mrs G E Clarke in the centre. As she was blind folded and reaching for a partner, a lovely silver flower basket was placed in her hand.

Mrs J F Clarke in presenting the gift, on behalf of the members of both the Institute and Ladies Aid, said it was with pleasure, tinged with regret, since they realized that they were losing a valued member, friend and neighbor. "Their love and very best wishes went with Mrs Clarke to her new home. Mrs G E Clarke made a short but touching reply of acceptance.

Mrs Oatway's hospitality never was more enjoyed by all present.

WANTED—1000 Hous, by Meredith Bros, Stony Plain. 38

BASKET SOCIAL AND DANCE,
GARDEN VALLEY SCHOOLHOUSE.

Tuesday, February 24.
GOOD MUSIC.
EVERYBODY WELCOME!

LOCAL NEWS.

Mrs Barret of Edson, was a week-end visitor in Stony with Mrs James Smith.

Mr. Ph. Miller, the genial proprietor of the Royal Hotel, is leaving for Banff about the end of the month to recuperate.

Mr Chas. Pfeifer has postponed his trip to the Hawaii Islands.

Durward Moyer, Camrose, was visiting here over the week-end with his parents.

Mrs L M Larson is visiting friends in Melville, Sask.

Mrs Jac Mayer was taken in to an Edmonton on Saturday last.

Mr Wm Gilbert, the well-known purebred stock and swine breeder, was in Stony this week.

Mr Brooks paid a visit to Edson this week.

Durward Moyer, Camrose, was visiting here over the week-end, with his parents.

At the Misericordia hospital, Edmonton, on Thursday, February 12th, to the wife of C W McKenna, a daughter.

A lantern slide was given Thursday night by Mr Boettcher at his school, which proved very interesting to the pupils assembled.

All the pupils of the I H C tractor school returned home on Saturday, after a busy six days in the City. Among those from here who attended were: Jac Schuetz Jr., Ph Litzenberger Jr. and Herman Duholke.

Inga Councillors meet in Stony Plain, Saturday Feb. 21. A public meeting of the ratepayers will then follow, when nominations will take place for the councillors in Divisions 1, 2 and 6.

Regular nightly practices are being held for the big concert in Ducholke's Hall tomorrow evening by the St Matthew's Church Y. P. S. A large number of tickets have been sold, and there should be a full house when the curtain goes up.

The Stony Plain branch of the Women's Institute met at the home of Mrs Roy Walton on Thursday Feb. 12th. The speaker for the afternoon was Mr R B Brooks, who gave an extremely interesting paper entitled "The Why and What of Education." This discussion was enjoyed very much. Tea was served by Mrs Gites, assisted by Mrs Elliot and Mrs Walton, after which the meeting dispersed.

A very enjoyable time was spent by all who attended the box social and concert held by the Ladies Aid of St Joseph's Church, at the Grove on Monday night. The high price for a box was given by a Stony barber, who paid \$9 for his package of cuts. The full concert program will appear in next week's Sun.

Let Us Think Nationally

Can the people of Canada be taught to think nationally, and act as a national unit, instead of regarding themselves as citizens of nine separate and distinct Provinces concerned chiefly with the solution of their own problems and turning their own policies and more or less indifferent to the effect on the rest of the Dominion?

The people of Great Britain have long thought in terms of the Empire, even of the world, rather than of their own tight little Isle, and in the several States of the United States, despite their instances that State rights be respected, the people think and act as citizens of the Union rather than of the individual States. Perhaps because we are yet very young as a confederation, and also because as a people we are so few in number scattered over a narrow strip thousands of miles long across a continent, Canadians have not so generally adopted the attitude of thinking and acting nationally.

What, for example, does the average resident on these Western prairies know or care about the vital problems confronting the people of the Maritime Provinces? Would he be willing to forego the adoption of a policy which would mean a large measure of development and prosperity for them, if at the same time it meant adversity and loss to the Maritime Provinces? And would not the manufacturers and workmen of Ontario and Quebec hail with joy the adoption of any policy which meant millions to them even though it might spell disaster for these Western Provinces?

Canadian farmers are generally supposed to favor lower Customs tariffs and to regard the policy of protection as inimicable to the best interests of the Dominion as a whole. Nevertheless, a few days ago a representative convention of Quebec farmers demanded the placing of duties on certain products in order to protect themselves regardless of the effect on the great body of Canadian consumers. At the same time they declared in favor of an export duty on pulpwood in order to force manufacture in Quebec and thus create a larger home market for themselves, and flatly rejected an appeal made to them that the adoption of such a policy would mean hardship and ruin for countless farmers in other Provinces who were dependent on the export market for their pulpwood.

In like manner the British Columbia fruit growers demand tariff protection in order to keep United States fruits out of the Pacific markets. Niagara fruit and vegetable growers take the same attitude, and seemingly do not care one jot if, as a result of benefit to themselves, all Canadian buyers of fruit and early vegetables must suffer.

And the Western wheat grower, would he modify his demand for free agricultural implements if it was proven conclusively that such a policy would mean ruin for the Canadian implement industry?

These questions are asked wholly with the object of leading Canadians to think for a moment on their own attitude to their common country. Admittedly all sections have made sacrifices in the past in order that the whole might benefit, but has it not been done almost under compulsion and most unwillingly and grudgingly, and through no really patriotic desire to advance Canada and build up and develop a really strong and great country?

Canadians of all classes and in all parts of the Dominion were willing to sacrifice for Canada in time of war. Is it not possible to so imbue our people with love for Canada that they will voluntarily display the same spirit for Canada in time of peace?

Unquestionably there is great need for unity of thought and action, national unity, in this Dominion today. Never was the need more manifest. In spite of pressing, but, unfortunately, instead of the lines of cleavage and division gradually disappearing, they are becoming wider and more accentuated. At a time when the old racial and religious feelings and bitterness is being dispelled, here in Canada we seem to be replacing it with geographical and economic differences which are apt, unless quickly checked, to retard future development just as effectively as did those old and foolish quarrels.

Canada is a big country in every way. It is big in territory, big in the wealth of its natural resources, big in its possibilities, big in its manhood and womanhood. But in its national conception it is small. Its people lack vision and broadmindedness in some of those things which are essential to national greatness.

Individually, the citizens of Canada should strive to cultivate the habit of thinking nationally. Once they establish that habit, constructive policies and actions on national lines will automatically and quickly follow.

CHILDREN CRY FOR

Fletcher's CASTORIA

MOTHER:—Fletcher's Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*.
Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Air Hero Is Given Plane

Captain Smith of World Flyers Presented With \$30,000 Machine
Captain Lowell H. Smith, commander of the American round-the-world flight, has been given an airplane to add to the various gifts and mementoes he has received since he and his fellow aviators glided the globe.

L. C. Brand, Glendale capitalist, the donor of the plane, conveyed possession to Captain Smith in a bill of sale. The plane is a three-passenger Le Pere, rebuilt by Donald Douglas, builder of the round-the-world cruisers, and is valued at \$30,000.

Earl of Oxford and Asquith

Herbert Asquith Has Decided On His Name
Herbert Asquith, recently raised to the peerage, has decided to assume the title of Earl of Oxford and Asquith. Letters passed under the Great Seal will be issued shortly, conferring on the Liberal leader that title, which is a compound, of dual one, not rare in nomenclature of British nobility.

The title is an entirely new one and in no way an extension of the old title, Earl of Oxford. He will use both titles in his signature.

Neuralgia Conquered Its Pain Destroyed

Magical Results Come When You Apply

NERVILLE

It Acts Quickly

Mr. W. T. Greenway, formerly connected with the Guide newspaper staff, has written: "For twenty years we have used Nerville for all our pains, and not for the world would we be without it. As a remedy for all pain, headache, toothache, cramps and disorders of stomach, I know of no preparation so useful and quick to relieve as Nerville. Remember this, wherever there is pain, rub on Nerville, and you will get prompt results—55c at all dealers."

Manitoba Government to Aid Farmers

Encouragement of cooperative marketing organizations, survey of the natural resources of the province, and scientific study of the wheat rust problem, were forecast by the Lieutenant-Governor in his speech from the throne at the opening of the Manitoba Legislature recently.

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily and painlessly that the most delicate stomach will not feel any inconvenience from their action. They recommend themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

Egypt is nearly twice as large as the state of Texas, but only a small part of its immense area is settled and cultivated.

Elimination Of Rust Menace Very Important

Dr. J. H. Grisdale Places Loss Last Year At \$50,000,000

Dr. J. H. Grisdale, deputy minister of agriculture, states that the most important work being undertaken in Canada is rust research. Last year the farmers of the west had lost \$50,000,000 from the rust menace, and he said a systematic research into the whole question was now planned with the hope of ultimately discovering a wheat immune to rust, and which at the same time contains the desired milling proportion, in addition to being able to be harvested efficiently.

Holds Europe's Smoking Record
Switzerland holds the smoking record for Europe, according to statistics just issued, consuming 10,000 tons of tobacco annually, or five pounds per capita. France comes second with 3 pounds per capita.

A Fowler
It was remarked that he had been away. "Yes," he said, with a note of gentle resignation in his voice, "my wife took me on her honeymoon."

There may be other corn removers, but you will not be completely satisfied until you have used Holloway's Corn Remover.

A man who wants to be mean never wants an opportunity.

Expects France To Pay

U.S. President Replies to Statement of French Ambassador

Responding to a statement by the new French ambassador to the United States, Emile Dueschere, that the "material debts" of nations as well as their debts of gratitude must be paid, President Coolidge declared that the United States already had discharged the debt of gratitude she owed France as a result of French aid in the American revolution. Referring to the United States participation in the great war, the president added that thus had the debt of gratitude been paid and "both governments should experience deep satisfaction in their attitude that material debts shall also be discharged."

Freedom from Asthma. Asthma is one of the most distressing troubles, sudden in its attacks and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. J. Kellogg's Asthma Remedy is the one help which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

People who never look forward to the future seldom manage to get ahead.

Minard's Liniment for the Grippe

A workman's clubhouse will be built near Yokohama, with a fund of \$250,000 yen contributed by citizens of the city at the time of the earthquake. The building will be "earthquake-proof."

New Markets For B.C. Newspaper
Newspaper manufacturers in Vancouver have recently developed new markets in Cuba, the West Indies and South America.

A HAPPY CHILDHOOD IS A MATTER OF HEALTH

Little children quickly get out of sorts but by prompt treatment they can just as quickly be set right again. Most of their troubles arise in the first place from the stomach and bowels; that is why a good clearing out is the first thing the doctor prescribes. Mothers, why not let Baby's Own Tablets keep your children well. Unlike that ill-smelling, rank looking castor oil so dreaded by most children, the Tablets are pleasant to take and their action, though thorough, is gentle and causes no discomfort to either the baby or the growing child. Baby's Own Tablets are a never failing remedy for relieving constipation and indigestion; thus they break up colds and simple fevers, expel worms and make the teething period painless. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

People waste a lot of time trying to obtain things they have no earthly use for.

Sweet and palatable, Mother Graves' Worm Extirminator is acceptable to children, and it does its work surely and promptly.

Too many people expect the bread they cast upon the waters to come back as sandwiches.

A man isn't really old unless he isn't going anywhere after supper.

Camera And Radio Are Of Great Assistance To Work Of Making Surveys In Canada

The radio, the camera and the aeroplane have revolutionized surveying in Canada, according to Fred V. Seibert, of the Natural Resources Intelligence Service of the Department of the Interior, before the Camera Club of Chicago recently. For a number of years the camera has been used extensively on Dominion land surveys in mapping out the rugged and in some cases inaccessible portions of the Rocky Mountains, securing a mass of detail correct in every respect that could be secured in no other way. Since the war the aeroplane has been instrumental in extending the camera's use for mapping purposes into the unexplored regions of the north. Within the last two years many lakes upon whose shores the foot of white man has never trod have been accurately mapped from the air with the aid of the camera.

The radio is being used extensively at the outposts of civilization and in the unexplored regions as far north as the Arctic in securing time signals for the purpose of determining longitude. Longitude determinations under the old system were very difficult and lacking in accuracy in regions not served by the wire telegraph system. They are now a simple operation, due entirely to the development of the radio.

The Dominion land surveyor has been a pioneer in putting the radio to practical use. Years ago, before the city resident was receiving his evening concerts and stock reports from the air, surveyors were receiving "time signals" on the shores of the Mackenzie River and the Arctic coast from high-powered stations to the south.

Occasionally he took time to decipher the news dispatches, getting news of the last prize fight, ball games or what someone had to say about the League of Nations before the man on the street in civilization even read it in the newspaper or saw it on the bulletin boards.

Last summer, Mr. Blanchet, D.L.S., of the Canadian topographical survey, when working on Great Slave Lake, and finding it impossible to land, erected an aerial between two paddies held up at the ends of his sixteen-foot poles. From this he received the midday time signal from Annapolis, Maryland, and so checked the error of his chronometer.

Although the time of transmission of electric signals on telegraph lines is of the order of 30,000 miles per second, the speed of wireless signals is very materially greater, so that for ordinary distances the time is a negligible quantity, 186,000 miles per second.

Stations from which signals have been received on exploratory surveys in the north are Annapolis, Balboa (Panama), San Diego, San Francisco, Honolulu, Gorrie (Philippine Islands), while the head office at Ottawa received daily boulevards (France), Annapolis, San Diego and San Francisco. By intercomparison of the same signals in the north and at Ottawa, with their respective clock corrections, the longitude of the different points in the north are obtained, which, it may be stated, are materially different from those shown on the maps before the observation.

Indians Are Good Farmers

896,464 Bushels of Grain Grown on Indian Lands in 1924

Total production of grain of all kinds on Indian lands during 1924 was 896,464 bushels, according to a report of the department of Indian affairs. Of the total 493,624 bushels were wheat. Other grains produced last year are as follows: 353,899 bushels of oats and 12,737 bushels of barley. In addition some 50,000 bushels of potatoes were raised and 65,000 tons of hay were cut and put up for the winter.

The most valuable result of education is the ability to make yourself do the thing you ought to do, when it ought to be done, whether you like to do it or not.

Australia is slightly larger than the United States in size and has a population of five and one-half millions.

W. N. U. 1564

Neutralizing Cream For Buttermaking

Churning Pasteurized Cream Causes Loss of Butterfat

Dairy scientists have demonstrated the fact that the churning of pasteurized cream causes loss of butterfat and gives a poor quality of butter unless the cream has been neutralized in the process of curing. When butter is made from unpasteurized cream, neutralization is unnecessary. Mr. W. F. Jones, chief of the division of dairy manufactures, dairy and cold storage branch, department of agriculture, Ottawa, has prepared a pamphlet on this subject, designated Pamphlet No. 63, New Series.

The process of neutralization is not one that can be carelessly carried out, as it requires an intelligent observance of the details of testing cream for acidity, preparation of neutralizing solution and its application, determination of the required amount, and the temperature of the cream when adding the neutralizer.

Four neutralizing agents are recognized, and their preparation and application described. These are quick lime, hydrated lime, sodium bicarbonate (baking soda), and a commercial product known as wyandotte.

This pamphlet, which is available at all publications branch, department of agriculture, Ottawa, will be found particularly useful to creamery butter makers.

Vegetable Cultivation in the West

Information Regarding Cultivation Of Thirty Different Varieties

Mr. W. C. McKillop, superintendent of the Brandon, Man., experimental farm, who recently gave us through the department of agriculture at Ottawa, a bulletin on "Experiments with Wheat," covering a period of over thirty years, has now in conjunction with Mr. J. H. Cooper, head gardener at Brandon, produced a bulletin, No. 43, on "The Prairie Farmer's Vegetable Garden." This publication is equally as comprehensive as the other and contains a vast deal of information regarding the cultivation of some thirty different vegetables, including all the commoner kinds that supply every man and woman's table. These are divided into five classes, vegetables grown from root or tuber, such as potatoes, beets, carrots, and so on; vegetables grown for the stem, as asparagus, rhubarb, etc.; vegetables grown for leaf or blossom, cabbage, cauliflower, etc.; vegetables grown for seed or pod, peas, beans, etc.; and vegetables grown for fleshy fruit, cucumber, tomato, etc. Information as to soil, location and general cultivation is given relative to each of the thirty.

Ships Devoted To Emigrants

German Line Provides First-class Comforts for Third-class Price

A line of one-class passenger ships devoted exclusively to the transportation of emigrants has been inaugurated between European and South American ports by a German steamship company. The first ship of the line to arrive at Buenos Aires brought 1,000 German and other Europeans to Brazil and 1,600 to Argentina.

The ship provides first-class comforts and conveniences for the third-class price. She has 250 cabins, accommodating two, four and six persons each, with saloon, smoking room, library, reading room, two large dining rooms, barber shop and bath. She is a motor-propelled ship with a speed of 15 knots.

Own Old Hymn Book

Hymn book, 146 years old, edited by John Wesley and published in 1779, is the property of a resident of Independence, Mass. Most of the hymns in the little volume were written by Charles Wesley. The volume is about 4 1/2 inches by 1 inch in size and is bound in black leather with a small brass clasp like those used on the old Bibles.

Saddest Of All Sadness

"What could be more sad," said the schoolmistress, "than a man without a country?"

"A country without a man," answered the pretty girl.

Extend Farmers' Organization

Suggestion Made That Agriculturists Throughout Dominion Should Merge Into One Solid Body

At the concluding session of the United Farmers' of Quebec convention at Montreal, J. J. Morrison, secretary of the United Farmers of Ontario, suggested it is high time agriculturists throughout the Dominion take advantage of their provincial organizations to merge into one solid body representative of Canada from coast to coast.

Farmers, he said, were habitual back benchers, but there was reason why they should be. They alone held the wealth of their industry, yet they employed middlemen for marketing purposes. Co-operative selling should be instituted, and the lack of that phase of organization had harmed the industry as a whole.

J. W. Ward, of Winnipeg, secretary of the Canadian council of agriculturists, also emphasized the necessity for pushing co-operative effort to the limit. He announced that at the next meeting of the council, to be held in Toronto on March 2, the matter would be debated by delegates from Ontario, Quebec, Manitoba, Saskatchewan and Alberta.

Corn In Saskatchewan

Says That Corn Acreage in Province Will Soon Be Doubled

Predicting the corn acreage in Saskatchewan would soon be doubled, P. P. Hoffman, president of the Saskatchewan Corn Growers' Association, at the Saskatchewan Dairy Association convention at Prince Albert, urged all dairy farmers to grow corn. The acreage of 80,000 last year was the largest planted in the history of the province.

Mr. Hoffman said there was a scarcity of northern grown seed this year. Maple Creek could not begin to fill the demand for 1925. He said that without corn fodder he would have had to move out of the Maple Creek district. He had produced more dry fodder from ten acres of corn than from 100 acres of oats.

Butter Exports

United Kingdom Is Canada's Best Customer According to Figures

In the calendar year 1924 Canada exported 22,432,989 pounds of butter, worth \$4,900,512, in comparison with 13,713,711 pounds, worth \$4,205,608 in 1923 an increase of 9,719,278 pounds in volume and \$3,694,904 in value. The heaviest purchaser of Canadian butter was the United Kingdom, which took 6,009,844 pounds, valued at \$2,614,322, followed by the United States, which imported 4,821,613 pounds, worth \$2,111,711. The third heaviest purchaser was Germany, which took 459,648 pounds, valued at \$165,675.

Buy many things you don't need and you may be obliged to sell a few things you do need.

A married woman never thinks of allowing her husband to order her dinner for her in a restaurant.

Ontario and Quebec Get Together

Lt.-Gov. Cockburn of Ontario with the Aide au Camp to Lt.-Gov. Perceux of Quebec, arrives at the Chateau Frontenac to take part in the Bonne Entente celebration at Quebec.

Attention Is Directed To The Appalling Waste In The Manufacture Of Lumber

Canadian Empire Builder Gone

Forty Years Actively Engaged In Colonization Work

Few men in Canada have been more actively associated with immigration and colonization in the Dominion in the past 40 years than W. D. Scott, formerly federal assistant deputy minister of immigration and colonization, who died in Ottawa on January 27. He was in his 64th year.

Mr. Scott, who was born in Dundas, Ontario, joined the Canadian Pacific Railway as a land agent in Winnipeg in 1881, and sold the first section of C.P.R. land in that year, when the railway ran only as far as Portage la Prairie. Later he was engaged in colonization work with the Canadian Federal Government department of interior and the Manitoba Government. From 1899 to 1903 he was Canadian exhibition commissioner in Paris, Glasgow, London, Wolverhampton and Cork. On his return to Canada in 1903 he was appointed federal superintendent of immigration. In 1919 he was made assistant deputy minister. He retired on June 30, 1924, owing to poor health.

During the 42 years he was connected with immigration work over 5,100,000 new settlers came to Canada from various countries.

Citrus Fruits and Milk

Lemon or Orange Juice Renders Milk More Digestible

There is a popular misconception in many minds about the acid quality of the citrus fruits, especially when they are given to children liking a large quantity of milk in the diet. An article published in the May 17 issue of the Journal of the American Medical Association under the title, "The Value of Milk Acidified with Lemon Juice," states "Lemon juice or orange juice can be added directly to cow's milk without bringing about curdling. In this way cow's milk is rendered more digestible."

Feed Buttermilk to Hogs

Saskatchewan Co-operative Creameries Decide on This Experiment

The directors of the Saskatchewan Co-operative Creameries, Limited, have decided to experiment with the feeding of hogs on buttermilk at one of the smaller plants operated by its company.

It was also decided to investigate the advisability of purchasing cows for patrons by experimenting along this line at one of the smaller localities. The necessary equipment to enable the company to conduct a retail and wholesale milk and cream business at Saskatoon was decided upon.

Too Much Sectionalism

The East, Trying to Enforce Their Ideas on the West

The press of Montreal deplores sectionalism in Canada, and we have been trying to explain to them that it is their own sectionalism they are trying to enforce on the Dominion, although they call it a national policy.

When they say that the west should be reasonable, their idea is, according to the Manitoba Free Press, that the west should recant its views, withdraw its demands, and admit that preponderant eastern opinion upon all points in dispute is right. It adds: "Just let Montreal run Canada without question and 'sectionalism' will cease. We shall then be a 'united country'."

That pretty well sizes up the Montreal view as put forward by the Gazette and Star of that city—Toronto Star.

Corn Silage

Corn and Sunflower Silage Very Similar in Value for Growing

A test conducted on the Indian Head, Sask., experimental farm of sunflower versus corn silage for heifers showed a trifle in favor of corn, but the superintendent remarks that although the corn silage was more thrifty and sleek in appearance, the indications are that the two silages are very similar in value for growing heifers. Both were readily eaten and excellent in quality, the corn being in the late dough stage when cut and the sunflowers about one-half in bloom, the latter being also wilted for two days before being placed in the silo, so that there would be no excess of moisture present.

Left Fortune to Servants

Five servants of Lakewood, N.Y., will share \$107,500 through the will of the late Helen Parish, their mistress. Miss Parish also left some thousands of dollars in personal property to these employees.

How some women can ever pretend that they are proud of their husbands is a mystery to other women.

"Next door to the Canadian Patent Office"

A Romance of the Spanish Main

CAPTAIN BLOOD

RAFAEL SABATINI

Copyrighted, 1922, by Rafael Sabatini

"CAPTAIN BLOOD," a Vitaphone picture with J. Warren Kerrigan in the title role, is an adaptation of this thrilling novel.

SYNOPSIS

Peter Blood, a young Irish physician, is wrongly condemned as a rebel against King James and is deported to Bridgetown in Barbados. There he is purchased as a slave by Colonel Bishop, military commander at the behest of Arabella, the Colonel's niece. A Spanish galleon, the Cinco Llagas, under command of Don Diego de Esplina, a Valdez, captures the city. While the Spaniards sack the city, Blood sends Mary and Arabella back to the city to safety. He leads his fellow rebels on board the ship and captures it. Colonel Bishop goes on board and Blood holds the military commander as hostage while the ship puts out of port and sends Bishop over the gangplank. Don Diego, taken prisoner, is told by Blood to sail the ship to Curaçao, a Dutch settlement, in return for his liberty. Jeremy Pitt, who had studied navigation, suspects Don Diego is betraying them.

CHAPTER XI.—Continued

He rose, relinquishing the Spaniard to his men. "Make him fast," he bade them. "Trust him, wrist and heel, but don't hurt him not so much as a hair of his precious head."

Captain Blood regarded him steadily out of a face which, if impassive, had paled under his deep tan. About the prisoner, clamant, infuriated, ferocious, the rebel-captives, surged, almost literally "alibit for his blood."

"Wait," Captain Blood imperiously commanded and turning on his heel, he went aside to the rail. As he stood there deep in thought, he was joined by Hagthorpe, Wolverstone, and Ogilvie. In silence they stared with him across the water at that other ship.

"In less than half-an-hour," said Blood presently, "we shall have her all about our bows, sweeping our decks with her guns."

TO EXPECTANT MOTHERS

Letter from Mrs. Ayars Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Spring Valley, Sask.—"I took the Vegetable Compound before my last confinement, when I got to feeling so badly that I could not sleep nights, my back ached so across my hips, and I could hardly do my work during the day. I never had such an easy confinement and this is my sixth baby. I read about Lydia E. Pinkham's Vegetable Compound in the 'Farmer's Telegram' and wrote you for one of your books. We have no druggists in our town, but I saw your medicine in T. Eaton's catalogue. I am a farmer's wife, so have all kinds of work to do inside and outside the house. My baby is a nice healthy girl, who weighed nine pounds at birth. I am feeling fine after putting in a large garden since baby came. (She is as good as she can be.)" Yours is the best medicine for women, and I have told about it and even written to my friends about it."—Mrs. ANNE E. AYARS, Spring Valley, Sask.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system so that it may work in every respect as nature intends. All druggists sell this dependable medicine. Give it a trial.

W. S. N. U. 1564

that here all is not as it should be. Sooner or later, she must guess or discover what is wrong, and then she will open fire or lay us board and board. Understand this clearly; to the first shot from the Encarnacion this gun will fire the answer. I make myself clear, I hope?"

"But, name of God, how should it be clear," young Esplina cried. "Can you avert the light? If you know a way, and if I, or these, can help you to it in Heaven's name let me hear it."

"A fight would be averted if Don Diego de Esplina were to go aboard his brother's ship, and by his presence and assurances inform the Admiral that all is well with the Cinco Llagas. But Don Diego cannot go in person, because he has a slight touch of fever—shall we say? But you, his son, may convey all this and some other matters together with his homage to your uncle. You shall go in a boat manned by six of these Spanish prisoners, and I—a distinguished Spaniard delivered from captivity in Barbados by your recent raid—will accompany you to keep you in countenance. If I return alive, and without accident of any kind to hinder our free sailing hence, Don Diego shall have his life, as shall every one of you. But if there is the least misadventure, be it from treachery or ill-fortune—I care not which—the battle as I have had the honor to explain, will be opened on our side by this gun, and your father will be the first victim of the conflict."

Don Esteban gazed wildly a moment upon the shoulders of his father. But his father remained silent. Something like a sob escaped the boy.

"I . . . I accept," he answered at last, and swung to the Spaniards.

"And you—you will accept too," he insisted passionately.

CHAPTER XII.
Don Pedro Sangre

The Cinco Llagas and the Encarnacion, after a proper exchange of signals, lay hove to within a quarter of a mile of each other, and across the intervening space of gently heaving, sunlit waters sped a boat from the former, manned by six Spanish seamen and bearing in her stern sheets Don Esteban de Esplina and Captain Peter Blood.

She also bore two treasure-chests containing fifty thousand pieces of eight. Gold has at all times been considered the best of testimonies of good faith. Blood carried further a bulky package addressed to a grandee of Spain, heavily sealed with the arms of Esplina—another piece of evidence hastily manufactured in the cabin of the Cinco Llagas. Up the ladder went Don Esteban closely followed by Captain Blood. In the waist stood the Admiral himself to receive them, a handsome, self-sufficient man, very tall and stiff, a little older and grayer than Don Diego, whom he closely resembled. He was supported by four officers and a friar in the black and white habit of St. Dominic.

Don Miguel opened his arms to his nephew, whose lingering panic he mistook for pleasurable excitement.

"But where is my brother? Why has he not come, himself, to greet me?"

"My father is afflicted and denying himself that honor and pleasure. It is a little fever, the result of a slight wound taken in the recent raid upon Barbados, which resulted in this gentleman's happy deliverance."

CHILBLAINS

Zam-Buk soon always the infestation and swelling, itching, burning, and soreness of the extremities. It is a sure cure for chilblains, frost-bites, and other skin troubles. It is a great healing and antiseptic powder.

Zam-Buk

"Nay, nephew, nay," Don Miguel protested with ironic repudiation. "I can have no knowledge of these things. I have the honor to represent upon the seas His Catholic Majesty, who is at peace with the King of England. Already you have told me more than it is good for me to know." But he winked into the twinkling eyes of Captain Blood. "But since Diego cannot come to me, why, I will go across to him."

(To be continued)

Fast Time

"Waal, Zeke, what kind of time did ya have the city?"

"Oh, that darn old daylight again."

SPOHN'S DISTEMPER COMPOUND

Don't take chances of your house or walls being held up with Distemper. Indigestion, Pink Eye, Laryngitis, Hoarse, Coughs or Colds, croup, BRONCHITIS, or both the sick and the well ones. The standard remedy for 30 years. "SPOHN'S" for the Distemper. Sold in two sizes at drug stores. SPOHN MEDICAL CO. GOSHEN, IND.

RHEUMATISM AND LUMBAGO ARE BANISHED BY

Dr. Williams' Pink Pills

They Give New Vitality and more.

Some diseases give immunity from another attack, but rheumatism and lumbago (which is really muscular rheumatism) work just the other way. Every attack invites another.

There is scarcely any disease which physicians find more difficult to treat successfully than rheumatism. Long study, however, has shown that the seat of the disease is in the blood. By maintaining the quality of the blood, you are doing the best possible thing to prevent and combat rheumatism.

That is why Dr. Williams' Pink Pills has proved successful in thousands of cases of rheumatism and lumbago. These pills enrich the blood and enable it to throw off the poisons of the disease. And so long as the blood is kept pure and rich, there need be no fear of a return of the trouble.

Mrs. Annie Wright, Woolchester, Ala., says:—"I was a sufferer from rheumatism for six years and most of that time my life was one of misery. I tried several doctors but never got more than temporary relief. The trouble seemed to affect my whole system. Finally I was advised to try Dr. Williams' Pink Pills and through these I found complete relief. I can strongly recommend Dr. Williams' Pink Pills to anyone suffering from this trouble."

FORKE WANTS A NATIONAL POLICY FOR ALL CANADA

Ottawa.—In his speech in the debate on the address in reply to the speech from the throne, Robert Forke, Progressive leader, said he was of the opinion that through the development of private enterprises and public utilities rather than through the passage of legislation which met the mood of the moment and too often was forgotten as soon as it was on the statute books, would bring Canada out of "the land of bondage into the land of progress." It was not possible to leave the national problems entirely to the government to solve. It was a task for all Canadians to face and help overcome.

Referring to the speech of the premier and the leader of the opposition, Mr. Forke said they furnished an interesting study in extremes of mood. Both attitudes were un sound. He referred to the manifesto issued by Mr. Meighen as a most happy document and described "his solution as something like a Christmas tree—something on it for everyone." No amount of reasoning or argument could convince the people living on the prairies that protection would prove of any use to them. The much talked of home market would not solve the problem for the western wheat producer. "We want a national policy for all the people of Canada from the Atlantic to the Pacific."

Disagree On One Point

France Not Ready to Consider Debts and Reparations Separately

Paris.—The official impression of note on the latest debt question from Winston Churchill, British chancellor of the exchequer, is more favorable than the opinion of the document expressed by the French newspapers, editorially, it was said in circles near Premier Herriot. The British suggestions are regarded as very generous and as presenting only one important difficulty, that involved in the separation of debts from reparations, it was declared.

The country, the opinion of official circles, is not yet ready for consideration of these two questions, separately. This, it was intimated, is the only point that prevents immediate acceptance of Mr. Churchill's note as the basis for a settlement of France's debts to Great Britain.

Rate Discrimination

Higher Westward Freight Rate Not Justified Says Darcy Scott

Vancouver, B.C.—There was no justification for a higher freight rate westward than eastward, even on products intended for export, Darcy Scott, K.C., former assistant chief commissioner of the board of railway commissioners, told the members of the board of trade here.

Cost of operation on the lines westward from the prairie provinces was not any higher than on the eastward lines and grades were lower, Mr. Scott declared.

Turkish Deputy Shot in Assembly
Constantinople.—During an argument in the Turkish National Assembly, Halid Pasha, deputy for Ardahan, drew a revolver and fired several times at Deputy Ali of Adum Kara, who was slightly wounded. Immediately afterward, Deputy Halid was himself seriously wounded by a shot fired by an unidentified person.

Negotiate Security Pact

LORD D'ABERNON

British Ambassador to Germany, whose visit to Chancellor Luther is understood to have been in connection with the negotiation of a security pact.

Progressive Member Would Put Ban On Horse Racing

Ottawa.—Horse racing will be brought up in the House of Commons again this session by W. C. Good, Progressive, Brant, who has given notice of a resolution which reads: "That the special privilege now given to racing associations, under the Criminal Code, of carrying on public gambling operations in connection with their race meetings, is detrimental to the best interests of Canada, and should be abolished."

Protest From British Farmers

Claim U.S. Bacon Floods Market As "Best Quality" Canadian

London.—On the contention that they are being "hoodwinked" to the tune of 25,000,000 pounds of bacon a year—bacon which is cured in the United States and sent to Canada and then re-exported to England as "best quality Canadian"—the National Farmers' Union of Great Britain has started a movement here to put an end to the practice.

It is understood here that the Canadian Government has been requested by various organizations to create a distinctive brand which is to be placed on all exportable bacon from Canada in the future.

The Farmers' Union also took a leading hand in bringing about the embargo on American potatoes which became effective some time ago, this action having been taken, it has been explained, to prevent an influx of the Colorado beetle, better known over here as the American potato bug.

Liquor Freight Rates Remain

Ottawa.—In dismissing the complaint of the Manitoba Government control commission against railroad commodity rates on liquors, wines and spirits, the board of railway commissioners states, in a judgment made public here, that no good reason has been established in evidence as to why liquors should be given a different treatment as to rate basis from other commodities.

Building Decreased Last Year

Ottawa.—According to revised statistics of building permits, furnished by the Dominion Bureau of Statistics by 60 cities, construction work was slightly less active in 1924 than in 1923, or 1922. The building in these cities during 1924 was valued at \$123,731,196, in 1923 at \$132,301,347, and 1922 at \$147,962,173.

Debtors Travel in Storage

Honolulu.—The Oxford University debtors, headed by Malcolm Macdonald, son of the former British premier, arrived here in storage, because there were no other accommodations available when the vessel left San Francisco, and they did not wish to postpone their departure.

Would Deport Criminals

Washington.—Deportation of all aliens convicted of violating the national prohibition, narcotic or white slave laws is provided in a bill passed by the house. The vote was 213 to 39. Measure was framed by Rep. Holaday, of Illinois, Republican. It now goes to the senate.

Allocate Proceeds of Fine Imposed on Egypt

London.—The House of Commons has accorded the government formal sanction for the disposition of the £500,000 fine imposed on Egypt for the murder of the Sirdar, Major-General Sir Lee Stack. Austen Chamberlain, secretary for foreign affairs, announced that £40,000 had been paid to the Sirdar's widow as compensation; £3,000 to the Sirdar's aide de camp, Major P. K. Campbell; £3,000 to the Sirdar's chauffeur, also wounded. The remainder is in the hands of the government, to be applied to benevolent objects in the Sudan.

Armenian Charged With Fraud and Conspiracy

Mounted Police Have Uncovered Plot to Smuggle Undesirable

Ottawa.—A conspiracy involving fraud and impersonation against the departments of the secretary of state, immigration and colonization and external affairs, in illegally obtaining certificates of naturalization, passports and immigration permits for the entry of relatives or friends of foreigners from Armenia and other countries, has just been unearthed by the Royal Canadian Mounted Police.

As a result of investigation by the police, G. H. Aloussian, an Armenian, was arrested at Galt, Ont., and appeared in the Ottawa police court on a charge of conspiracy. He pleaded not guilty, elected to be tried by a jury and will come up again for preliminary hearing.

Officer Is Promoted

Supt. Knight of R.C.M.P. Obtains Rank of Assistant Commissioner

Ottawa.—Announcement is made of the promotion of Superintendent R. S. Knight, Canadian Mounted Police officer commanding in British Columbia, to the rank of assistant commissioner. This promotion dates from January 1, 1925.

Assistant Commissioner Knight joined the force in May, 1890, and during his career has served at Regina, in the Yukon, at Winnipeg, and with the Royal Canadian Mounted Police squadron in Siberia.

Australia Not Helping Aliens

Premier Bruce States Government Offers Them No Encouragement

Melbourne.—Replying to the Victorian Government's protest against the unrestricted immigration of Southern Europeans, Federal Prime Minister Bruce laid stress on the fact that no encouragement or assistance had been offered to aliens.

The Federal Government, he added, had announced recently that it desired to limit the issue of passport visas to Greeks and Jugo-Slavs to 100 a month for each nationality.

Shoulder Blade Of Mammoth

London.—While digging next to the Belgrave Hospital for Children in Clapham Road, workmen found a large fan-shaped bone six feet below the surface. An expert from the National History Museum pronounced the bone the shoulder blade of a mammoth belonging to the pleistocene period of approximately 10,000 years ago.

Lunched With His Majesty

London.—Frank B. Kellogg, has presented his letter of recall from the post of American ambassador to King George. The King and the ambassador exchanged farewells and then sat down to luncheon in Buckingham Palace.

Withdraws From Opium Conference

STEPHEN G. PORTER

who has withdrawn, together with other members of the American delegation from the international opium conference.

League May Meet In Canada

Suggestion Made to Hold Session at League of Nations at Ottawa

Geneva.—The idea of holding some future assembly of the League of Nations in Canada, presumably Ottawa, is being quietly broached at Geneva. The suggestion originated with Sir Herbert Amps, Canadian director of the league's finances, and it is said if it is adopted it would have the hearty support of the Canadian Government and the British dominions.

So far, the project has merely reached the unofficial stage of suggestion, but it is understood the delegates of many countries have privately approved the plan. One thought expressed is that the convocation of the assembly in Canada would bring the workings of the league home to the people of the United States, as well as the Canadian people.

China Withdraws From Opium Conference

Failure of Attempt to Suppress Opium Smoking Is Reason Given

Geneva.—The Chinese delegation withdrew from the first or far eastern opium conference when that body was brought together again to reconsider its findings.

In his letter to the conference, the chief Chinese delegate, S. Alfred Sze, said the withdrawal was due to the conference's failure to adopt a system for the suppression of opium smoking in the Far East.

The Chinese have now withdrawn from both the bodies which were convened in Geneva to deal with the opium and narcotic drug evil. Mr. Sze left the international opium conference, February 7.

Latvia Passes Liquor Law

Riga, Latvia.—The anti-alcohol wave is sweeping over Latvia. A law has been passed which is tantamount to prohibition, and it has been signed upon by the city authorities of Riga to descend upon some 50 hotels and restaurants on the grounds that they were selling liquor. The city fathers are now considering whether these places should not be made to close down for good.

Archibut's Title Officially Announced

London.—The official gazette announced the issuance of letters patent, dated February 3, conferring the dignities of a viscount and earl of the United Kingdom upon Herbert Asquith, and his lawful heirs, by the title of Viscount Archibut of Morley, in the West Riding of Yorkshire, and the Earl of Oxford and Asquith.

Cable Connection With Italy

Rome.—The completion of the cable between Italy and America was announced in the senate by Minister of Communications Ciano. The announcement was greeted with loud applause by the whole senate, which rose to its feet cheering.

C.N.R. TO SPEND EIGHT MILLIONS ON BRANCH LINES

Ottawa.—The Canadian National Railways expended \$1,650,751 on branch lines construction work in the calendar year of 1924. The estimated expenditure on branch lines in 1925 is \$8,766,585. The whole programme of the Canadian National Railways involves the construction of 545 miles at an authorized expenditure of \$15,168,000.

The report of the department of railways tabled in the House of Commons gives full details of all work done on all branch lines.

A total of 91.5 miles of track were laid; 28.5 miles were ballasted; a proportionate amount of grading work was carried out, and 72.6 miles of telegraph lines were added to the system. The greatest progress was made on the Peebles, Sask., Prince Albert northeast, Sask., Gravelbourg, Sask., St. Rose Du Lac, Manitoba, and Grande, Quebec, branches. Some further work, which will practically complete these branches is provided for in 1925.

Russia Needs Flour

Failure of Crop Giving Soviet Government Grave Concern

Moscow.—With the failure of this year's crops the question of providing flour for Russia's millions of population is giving the Soviet Government increasing concern. Renewed orders are being placed abroad to meet the acute shortage of grain at home. With the exception of the Caucasus area, Russia had an unusually mild and irregular winter, thus wintering crops adversely. The absence of snow and moisture has caused large sown areas to perish.

It was announced at a meeting of the government's central executive committee that Russia has spent 70,000,000 gold rubles in providing the population with sowing material for the next harvest.

Characterized As Political Soap

Ontario Beer Proposal Criticized By Toronto Globe

Toronto.—Commenting on the strongest beer proposal introduced in the legislature, the Toronto Globe says:

"The announcement is easily the most sensational that has come from Queen's Park in many a long day. The whole question of prohibition and perhaps more important, the matter of a premier's pledged word, are thrown into the political cauldron."

The Globe contends that the proposed legislation violates the basic principle of the temperance law and characterizes it as "a political soap" thrown to the "wets" in the Conservative party.

Silver Coins For Russia

Moscow.—Ten million dollars worth of silver coins made in Great Britain for the Soviet Government, have been placed in circulation. Orders were given at the same time to the state mint at Leningrad for a supply of gold chevrons, which heretofore have been issued only in paper.

Princess Kathleen Makes Maiden Voyage

On her preliminary trial the "Princess Kathleen," built at the Clydebank yards of John Brown and Company for service on the Canadian Pacific run between Vancouver, Victoria and Seattle, accomplished all that was expected of her, and the Canadian engineers and other officers who conducted the trials and who will bring this and a sister ship, the "Princess Marguerite," still under construction to Vancouver, expressed themselves as being entirely satisfied. With a speed of 22½ knots the new steamships will considerably reduce time between ports. Built with the object of speeding up and affording even better and more convenient service than is now offered, the two Princesses will be, without a shadow of doubt, the most elaborate yet tastefully beautiful vessels operating on the Pacific Coast. Three hundred and sixty-eight feet in length, their lines were specially designed for the service to which they will be put and those who have seen the new vessels describe them as being beyond comparison with any others of their kind. Five decks are given over to the accommodation of the passengers, whose private quarters and public rooms are most spacious and luxuriously fitted up. The "Princess Kathleen" sailed from the Clyde on January 15, expecting to complete the journey to Vancouver in about thirty days, her route being via the Azores, the West Indies and the Panama, where she will pick up fuel oil. She will be placed in passenger service soon after her arrival. The "Princess Marguerite" is scheduled to leave the Clyde on March 15.

LARGE FAMILY PARTY FOR ALBERTA FARMS

MANY more inquiries are being made in the United States for farm homes in New Ontario than ever before, according to a Dominion Government official stationed at Detroit, but Manitoba and northern Saskatchewan and Alberta is the objective of most of those now being sent north or who are negotiating to cross the line. "I am sending a number this spring to northern Alberta, around Lac Lebiche," said this agent. "In June, 1923, I sent from here to that place 35 people in one car. ALL THE FAMILIES OF THE FOUR PLAMONDON BROTHERS. They lived at Provost, Mich., and their parents originally came here from Quebec. These people were experienced farmers, had a little money and prospered from the first. They have written their friends and relations and are responsible for many more going into Alberta. There are many Quebec French in Ohio and Michigan and many of them are returning to British a. I do not think it is an exaggeration to say that fifty per cent of all those now crossing the line both to the prairies and New Ontario, are former Canadians going home or Americans who have previously resided on Canadian farms." Photograph shows the Plamondon families when they left the Canadian National train on reaching their destination. — C. N. R. Photos.

who is ill at her home in Ed-
monton.

Mrs George Pugh of Jas-
per is visiting here this week
with Mrs Gates.

Otto Wudel, Wetaskiwin,
was a Stony Plain visitor
this week.

A meeting of the Teachers'
Alliance will be held at the
local school on Saturday af-
ternoon.

Cattle buyer Slade of Ed-
monton gave Stony district
the once over this week.

Mr Bishop arrived Sunday
night from B.C.

Mr George E. Clarke, the
retiring manager at the local
bank, was the guest on Sat-
urday evening last of a party
of his friends, at the local
Masonic hall. Several ad-
dresses were made, regretting
his departure from Stony, and
Mr Clarke was made the re-
cipient of a very handsome
mantel clock, as a token of
the esteem in which he is
held. In reply, Mr Clarke ex-
pressed his appreciation of the
honor done him, in a neat
little speech.

There is a dance billed for
tomorrow night at Muir Lake
schoolhouse by the Sporting
Club.

A goodly crowd was in at-
tendance Friday night at the
dance given in Blueberry by
Mr and Mrs Hubbel.

The dancers at Spruce
Grove have arranged for a big
dance in Schwind's Hall the
evening of Tuesday next, the
24th.

Applications are already
coming in for help on farms
in this district, for the coming
season. Mr Henry Walton
wants a man, as also do sev-
eral other local farmers.

On Sunday, Feb. 15, Miss
Nellie Mastaler, of Carvel,
was married to Mr Wasyly
Messervich, of Spruce Grove.
Barth's orchestra played at
the wedding celebration.

A box social and dance are
billed to be held at Gardner
Valley schoolhouse next Tues-
day evening, the 24th.

A big time is promised at
Holborn Hall the night of
Friday Feb. 27th, when an-
other of the popular dances
will be given.

Mainly School house was
filled Friday night last when
the big masquerade dance
was being held, the dance
going on to 4 p.m. The four
prizes awarded met with gen-
eral approval.

The Ladies Aid of the Pres-
byterian Church at the Grove
held a very successful con-
cert and social in Winterburn
Hall last week. The use of
the hall was given free by the
U. F. local.

Joe Best last week took a
car of cattle and one of hogs
for Duffield U. F. A. to Ed-
monton stockyards.

Watch for the red stamp on
your paper. Subscription has
expired.

Applications for auto licen-
ses may be had at The Sun
Office.

Sporting Notes.

The hockey match billed
for Friday last between the
High School and the Holborn
men did not materialize, altho
the boys were there in full
force. After a short wait, a
game was arranged with a
makeshift team.

A very good game of hockey
was played on the local rink
Sunday afternoon, between
the Stony Plain Regulars and
Loeblich's Pets. Some excel-
lent hockey was seen, and
some close checking was in-
dulged in by both sides.

Final score: Loeblich's Pets
5, Regulars 3.

The Regulars expect to
make a better showing when
they've had a little more prac-
tice. Following are the line-
ups of the teams:

Regulars: Capt. Walker, J.
Miller, Lory, Heichen, Um-
lach, Oatway.

Loeblich's Scrubs: Smith,
Loeblich, Schlitt, Zucht, Alt,
Moyer.

The M. D. Elections.

In Div. 6, Inga, Councillor
R Goerz comes up for re-el-
ection. There is every reason
to believe this gentleman will
not get the office by acclama-
tion, as Mr Joseph Kulak is
said to be in the field, among
others, for Councillor, and if
elected, should prove a good
representative.

There will be contests in
four of the six divisions of
Spruce Grove Municipality.
One Councillor to replace Jas
Couch for one year.

In Div. 6, Spruce Grove M.
D., Dan Brox is the retiring
Councillor and will stand for
re-election. The prospective
new candidates are said to in-
clude Adam Wolf, Jesse Jes-
persen, and possibly Mr E C
McLaughlin. If all go to the
polls, Dan expects to win
easily.

The Stony Plain Sun

Stony Plain and District

The management of the
Pfeiffer restaurant has been
taken over by Mr A. Fischer
of Edmonton, who has had
considerable experience in run-
ning dining rooms.

Mr Ed Groubek was taken
to Edmonton Monday. He is
suffering from inflammation of
the lungs.

Mr Fred Taylor, a well-
known and highly-respected
farmer of Brightbank district,
passed away on Sunday morn-
ing, Feb. 15th, in an Edmon-
ton hospital, to where he had
been taken for treatment
some time ago. Deceased was
in his 39th year, and leaves to
mourn his loss his wife and
family. The funeral took place
yesterday morning at eleven
o'clock to Inga Cemetery, and
was attended by a number of
deceased's friends and neigh-
bors, by whom he was held
in high esteem.

Here and There

The following apt comment on
the careless motorist and his ul-
timate fate comes from the Boston
Transcript:

"If a freight train at a crossing
"Hits an auto fair and square
"There's the freight train—Where's
the auto?
"Echo answers 'Where'."

Trees at the rate of 20,000 a day
have been planted by farmers in
Western Canada during the last 20
years, according to a report of the
Federal Department of Agriculture.
A total of 150,000,000 young trees
the report shows, has been distrib-
uted to farmers in that section in
1935.

Canada has entered into negotia-
tions with Germany for a trade
agreement which will give her the
benefit of the most favored nations
agreements. Exports to that coun-
try very nearly doubled during 1934
and at the close of the year Ger-
many was practically in the posi-
tion of being Canada's third best
customer.

A co-operative shipment of poul-
try to New York City, encouraged
and handled by the Dominion Poul-
try Service, Alberta, branch,
brought good results. The ship-
ment consisted of two refrigerated
carloads of turkeys and the ship-
pers received 25 cents a pound for
their birds, the New York selling
price being 41 cents a pound.

Among the interesting books of
the season is "Canada's Great High-
way: from the First Stake to the
Last Spike" by J. H. E. Secretan,
C.E., (published by Thorburn and
Abbott, Ottawa). Dealing with the
car's history of the Canadian Pa-
cific Railway, the volume contains
racy reminiscences of life in con-
struction days as experienced by
the author, who was a member of
the company's engineering staff.

Sailing from New York on Jan-
uary 19, the "Empress of France,"
palladium Canadian Pacific steam-
ship, began her round-the-world
cruise, which is to last 130 days. The
vessel was gallily decked with flags
and filled with happy passengers
eager to enjoy the experience of a
lifetime. F. L. Wanklyn and Mrs.
Wanklyn, were among those on
board. Mr. Wanklyn recently re-
tired from his position as executive
assistant of the Canadian Pacific
Railway.

The most novel Christmas card
handled by the Montreal post office
this year was one prepared for the
redoubtable Colonel George Ham,
of the Canadian Pacific Railway,
by a number of internationally
known newspaper artists, creators
of famous comic strip characters.
In the center of the card is a photo
of the Colonel, while grouped around
him, commenting on his good qual-
ities, are signed drawings of Pa
Perkins, Tillie the Toller and Mac,
Barney Google and Sparky Ping,
Our Gang and Dumb Dumb. Colonel
Ham is naturally very proud of the
card.
